WIPES MULTIFUNCTIONAL, PROFESSIONAL CLEANING WIPES WITH SCRUB.

75 SUPER SIZE WIPES

Cleaning wipes with scrub

PROPERTIES

- Professional quality
- Double-sided: scrub side and smooth side
- Super size (20*25cm)
- ° 75 pieces per dispenser
- With skin-friendly lanolin

FIELD OF APPLICATION

 Professional, multifunctional cleaning wipes with scrub for fast and simple cleaning of hands, tools and surfaces. For both fresh and dried-in stains. For removing e.g. fresh and partly dried glue, sealant, epoxy, paint, oil, tar, grime, lubricant, grease, bitumen, petrol and ink. Can be used on both sides.

4	First	aid	m Wipes

- . Description of first aid measures
- . General information: No special measures required.
- . After inhalation: Supply fresh air; consult doctor in case of complaints.
- . After skin contact: Generally the product does not irritate the skin.
- . After eye contact: Rinse opened eye for several minutes under running water.
- . After swallowing: If symptoms persist consult doctor.
- . Information for doctor:
- Most important symptoms and effects, both acute and delayed No further relevant information available.
- . Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Firefighting measures

· Extinguishing media

- Suitable extinguishing agents:
- CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- . Special hazards arising from the substance or mixture No further relevant information available.
- . Advice for firefighters
- . Protective equipment: No special measures required.
- 6 Accidental release measures

· Personal precautions, protective equipment and emergency procedures Not required.

- . Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- . Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
- . Reference to other sections No dangerous substances are released. See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7 Handling and storage

. Handling:

- . Precautions for safe handling No special measures required.
- . Information about fire and explosion protection: No special measures required.
- . Conditions for safe storage, including any incompatibilities
- . Storage:
- . Requirements to be met by storerooms and receptacles: No special requirements.
- . Information about storage in one common storage facility: Not required.
 - . Further information about storage conditions: None.
 - . Specific end use(s) No further relevant information available.
 - 8 Exposure controls/personal protection

```
. Additional information about design of technical facilities: No further data; see item 7.
```

. Exposure controls					
. Personal protective equipment:					
	. General protective and hygienic measures:				
The usual precautionary measures are to be adhered to when handling chemicals. Respiratory protection: Not required.					
. Protection of hands:	iied.				
	The glove material has to be impermeable and resistant to the product/ the				
substance/ the preparation.					
	Due to missing tests no recommendation to the glove material can be given for the				
	product/ the preparation/ the chemical mixture. Selection of the glove material on consideration of the penetration times, rates of				
diffusion and the degradation					
. Material of gloves					
	The selection of the suitable gloves does not only depend on the material, but also				
	on further marks of quality and varies from manufacturer to manufacturer. As the				
	product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the				
application.					
· Penetration time of glove material

Trade name: Wipes Scrub (Contd. of page 4) . Mobility in soil No further relevant information available. . Additional ecological information: . General notes: Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system. . Results of PBT and vPvB assessment . **PBT**: Not applicable. . **vPvB:** Not applicable. . Other adverse effects No further relevant information available. 13 Disposal considerations . Waste treatment methods . Recommendation Smaller quantities can be disposed of with household waste. . Uncleaned packaging: . Recommendation: Disposal must be made according to official regulations. Packagings that may not be cleansed are to be disposed of in the same manner as the product. 14 Transport information . Land transport ADR/RID (cross-border) . ADR/RID class: . Maritime transport IMDG: . IMDG Class: . Marine pollutant: No . Air transport ICAO-TI and IATA-DGR: . ICAO/IATA Class: . UN "Model Regulation": -. Special precautions for user Not applicable. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable. 15 Regulatory information . Safety, health and environmental regulations/legislation specific for the substance or mixture . Labelling according to EU guidelines: Observe the general safety regulations when handling chemicals. The product is not subject to identification regulations under EU Directives and the Ordinance on Hazardous Materials (German GefStoffV). . Special labelling of certain preparations: Safety data sheet available for professional user on request.
